Dr. Georg Damm

Head of Research Group Liver Regeneration – Clinic and Polyclinic for Visceral, Transplantation, Thoracic and Vascular Surgery – University Hospital Leipzig

Role in LiSyM-Cancer

- Co-Project leader in SMART-NAFLD
- Co-Project leader in DEEP-HCC
- Contributes patient cohorts, samples and data, primary human cells

Expertise

- Experienced in isolation of primary human cells and their usage in 2D and 3D human liver models
